

Official Newsletter of KS DANCE

Spring Term = Performance Term!

4 different shows over 9 different venues involving every single student!

Spring term at KS Dance is Performance Term! It's a busy, fun packed time with lots of opportunity to shine on stage! At KS we believe that every student should be involved in our productions and everyone gets time on stage.

The entire college embarked on our annual two week tour of local schools and theatres with our Allegrodance production encompassing every genre from Ballet, Contemporary and Jazz to Tap, Spanish and Musical Theatre. Then it was off to perform at Mountview for CDMT followed by performances of our Contemporary original work 'Eleanor Rigby' and neo classical pas de deux piece 'Relativity' at MOVE IT ! Now on to the final BIG annual theatre production involving every student dancing multiple genre at The Brindley Theatre.

Now that's a performance Term !!

Competitions and Success 2022-23

Students took part in the Cyril Beaumont Scholarship Competition adjudicated by Anita Young & Elisabeth Swan with 3rd year Alex Paterson receiving the winning scholarship. Students also participated at the Barbara Geoghan Awards with 2nd years Melissa Hughes & Harry Hughes achieving commendations. Our choreographic Competition was adjudicated by Mark Hindle with the winning piece performed in the main college showcase.

"Teachers guide and nurture students successfully to develop their potential in a safe and responsible way."

OFSTED 2022

COMPETITIONS

Cyril Beaumont Scholarship 6th Dec

Choreographic Competition 10th Dec

Barbara Geoghan Competition 5th Feb

Media week for 3rd year students

Preparing our 3rd year students to promote themselves as artists is a vital step in their training. KS Dance dedicates a whole week 'off-timetable' for 3rd year students to develop material they need to promote themselves in the industry. This year we welcomed Tim Cross to photograph the students portfolios with some incredible shots achieved. Students spent the week being mentored by faculty to achieve high standard footage to be used for reels and media promotion with guidance and technical help to create industry standard promotional material.
